

CANADIAN UROLOGICAL ASSOCIATION

Spring Newsletter 1988

Dear Colleagues:

Your Executive held their regular Winter Meeting in Halifax on February 7, and I will summarize the main items of importance that were discussed.

Dr. Said Awad outlined the scientific program for the June Meeting in Halifax, details of which are presented below. Some 95 submissions were received and a rich and varied program has been arranged. A record number of exhibitors will be participating. Dr. Philip Belitsky presented some details of an exciting social program. A separate children's program has also been organized in anticipation of a large number of children attending the meeting. Registration forms are enclosed, and I would encourage you to complete the hotel forms as soon as possible, as a large number of registrants is expected.

Treasurer, Dr. Bruce Piercy, reported that the 1987 Meeting at Banff produced a surplus of \$19,000 and that the financial status of our Association is sound.

Dr. John Collins submitted the Time and Place Report supporting the Bonaventure Hotel, Montreal, as the site for the 1995 Meeting. This will be the 50th anniversary of the Association. This report was approved by the Executive.

Dr. Sender Herschorn presented the results of the 1988 Hospital Survey of current urological facilities, urological bed usage, and hospital-based manpower requirements. The national average of 8.7 beds/urologist remains unchanged from the previous survey in 1982. Twenty percent of hospitals had cystoscopies performed by non-urologists (mainly gynaecologists) and 24% of hospitals had some urological procedures (mainly vasectomies) performed by non-urologists. The full report of the Economics and Manpower Committee is included as an insert.

Because of the increased numbers of non-urologists becoming involved in the area of urodynamics and female urology, a task force chaired by Dr. Said Awad, was established to set training and practice standards in these areas. Their report will be submitted to the Executive in June.

The question of the establishment of a central secretariat was discussed. Information from an informal survey of a number of medical organizations with a permanent secretariat was presented. After considerable discussion it was felt that

it was not an opportune time to establish such a secretariat. The main deterrents were the relatively high cost, the limited revenue sources of the CUA and the large financial commitment to the Scholarship Foundation. Instead, the Executive is investigating the establishment of a computer data base and computer-based mailing list which would facilitate the work of the Association.

A proposal to organize a forum for urology residents to be held at the time of the Annual Meeting is being explored. Dr. Collins will submit a report on this matter to the Executive in June.

A Canadian Society of Surgical Oncology is being established, composed of persons primarily interested in the care of cancer patients. The inaugural meeting will be held in September 1988 at the Annual Meeting of the Royal College of Physicians and Surgeons of Canada. The Society is seeking founding members. Anyone interested is asked to write for details to Dr. H.R. Shibata, S10.22, Royal Victoria Hospital, 687 Pine Avenue West, Montreal, P. Q. H3A 1A1.

I look forward to seeing you in Halifax.

John P. Collins, M.D.
Secretary

ANNUAL MEETING
Halifax Sheraton Hotel
Halifax
JUNE 19-23, 1988

REGISTRATION INFORMATION

Annual Meeting Location:

The Annual Meeting will take place at the Halifax Sheraton. Located on the Halifax waterfront adjacent to the restored area of shops and restaurants called Historic Properties. This is an ideal location from which to enjoy your visit to this unique Canadian city.

Accommodation:

We have reserved rooms at the Halifax Sheraton and three other downtown Halifax hotels. Special rates have been obtained at these hotels for participants in the C.U.A. Annual Meeting. In order to take advantage of these special rates please complete the Accommodation Request Form and return it along with your Registration Form. Halifax is extremely busy in the summer and accommodation is limited. Please mail in your form soon to avoid disappointment.

Special Airfares:

Air Canada has been selected as the official airline of the 1988 Canadian Urological Association Annual Meeting. It would be to the advantage of the C.U.A. if your tickets to the meeting could be arranged through their special Hot Line number. A brochure describing how to use the "convention hotline" is enclosed. This number can be used towards the C.U.A.'s credit by your personal or corporate travel agent as well as yourself. Air Canada has assured us that you or your travel agent will receive the lowest fare available, including excursions and seat sales.

ACCOMPANYING PERSONS PROGRAM

A program of activities has been created that will provide entertainment and enrichment for all participants. There will be a Hospitality Suite from Monday morning until Wednesday noon to provide a setting for meeting friends and relaxing. The following activities are included in the Accompanying Persons registration fee. Please pre-register for the events you wish to participate in to assist us in planning transportation and menus. Additional participants will be accepted for these activities on-site based on space availability.

CHILDREN'S PROGRAM

A program is being organized for children ages 6 – 14. Babysitting and day care information will be available for participants bringing children under six years of age.

The Children's Program activities will be divided into two age groups (ages 6 – 10 and 11 – 14). Separate activities will be organized for each group. The activities for children are being planned to coincide with the Accompanying Persons Program so you may plan to attend any or all of those activities without worrying about what the children will be doing.

The tentative program (subject to advance registrations being sufficient to operate the program):

Sunday, June 19

7:00 p.m./9:00 p.m. Children's Mixer. This will occur during the Welcoming Reception and will include refreshments, entertainment and games.

Monday, June 20

"Oasis" hospitality room. A special meeting room where children will gather at the beginning and end of each day. All children will gather here to form separate groups for their individual activities.

9:00 a.m./2:30 p.m.

A visit to the Nova Scotia Museum followed by lunch at McDonald's and a visit to the Public Gardens for an opportunity to feed the ducks, see the flowers, play tag, etc. Return to the Oasis. (Separate programs for the different age groups at the Museum).

Tuesday, June 21

9:30 a.m./12:30 p.m.

The older group will visit the historic Halifax Citadel returning to the Oasis for box lunches. The younger group will have an alternate activity.

1:00 p.m./4:30 p.m.

An afternoon of games, activities and swimming. Activities available will include swimming so be sure to pack the appropriate clothing.

Wednesday, June 22

9:30 a.m./2:30 p.m.

A full day of activities, including a "clowning workshop" and a picnic and treasure hunt at Point Pleasant Park.

6:30 p.m./10:30 p.m.

Farewell dinner and party. (Not included in registration, see note under *Meals* for details.

Supervision

All activities in the Children's Program will be appropriately supervised. Where required transportation and admissions are included.

What to bring

Comfortable, casual clothing. Long pants and shorts, summer weight shirts, a sweater and a jacket. Comfortable shoes (eg. sneakers), and don't forget the bathing suit!

Meals

Children registered in the program are welcome at the Continental Breakfast from 8:30 a.m. to 10:00 a.m. each morning. Lunch and snacks are included each day. Special, subsidized prices are being made available if you wish to bring your children to the evening meal functions. (Indicate your requirements on the Registration Form).

Babysitting

Babysitting services are available. Please ask for details when registering at the Meeting.

Day Care

Should you require day care for children under age 6 or in lieu of registering for the Children's Program, information will be available at the Registration Desk. Rates vary but will probably be under \$20.00 per day plus transportation.
